

*2019 Town of Westport Road Improvements  
Salter Court and Caton Lane  
CONSTRUCTION UPDATE!*

The Salter Court Reconstruction and the Caton Lane Resurfacing project is scheduled to begin the week of September 16<sup>th</sup>, weather permitting. This newsletter contains some important information concerning the upcoming project and we encourage everyone to review it and keep it on hand to help answer questions you may have.

The Town Consulting Engineer and Town staff are available to meet with individual property owners to discuss any questions or concerns you may have. Please call or email Kevin Even at [kevineven@yahoo.com](mailto:kevineven@yahoo.com) or (608) 345-1094 to discuss details or schedule an on-site meeting.

This year’s road improvement project will consist primarily of the following:

- Remove the existing asphalt surface and rebuild the road base (Salter Court)
- Mill off the existing asphalt surface and repair unstable base areas (Caton Lane)
- Install concrete curb and gutter on east side of Salter Court
- Install new asphalt pavement surfaces
- Restore the disturbed area with grass seed, fertilizer, and mulch

The Contractor will make every effort to provide limited access to private driveways for residents during the project and at the end of each day. However, there may be short periods of time when vehicle access to your property may not be possible.

Some of the existing mailboxes on Salter Court will be removed to accommodate the work, and a temporary mailbox station will be installed on Caton Lane for those affected. Regular U.S. Mail deliveries to the temporary mailbox station will begin when construction starts. Upon completion of the project, all mailboxes will be reinstalled by the contractors.

We do not anticipate any disruption of U.S. Mail deliveries, and the Contractors will be working with Advance Disposal to continue regular refuse and recycling pickup on their normal schedule.

**CONSTRUCTION SCHEDULE**

We anticipate that the project will be completed in approximately 4 – 6 weeks, weather permitting. Weekly updates will be posted on the Town of Westport web site... <http://www.townofwestport.org>
