

*2019 Town of Westport Road Improvements  
Salter Court Reconstruction and Caton Lane Resurfacing*

The Town of Westport will be reconstructing Salter Court and resurfacing Caton Lane this construction season. The project has been publicly bid and the Town Board has awarded the project to Raymond P. Cattell, Inc., from Madison, Wisconsin. We anticipate that the project will begin later this summer or fall.

The project will consist primarily of the following:

- Remove the existing asphalt surface and rebuild the road base (Salter Court)
- Mill off the existing asphalt surface and repair unstable base areas (Caton Lane)
- Install concrete curb and gutter on east side of Salter Court
- Install new asphalt pavement surfaces
- Restore the disturbed areas with grass seed, fertilizer, and mulch

The roads will remain open to vehicular travel throughout the project; however, drivers may encounter lane restrictions and possible minor delays during the construction. The Contractor will make every effort to provide access to driveways during the project and at the end of each day.

Some of the existing mailboxes will be removed to accommodate the work on Salter Court, and a temporary mailbox station will be installed near the start of the project. Regular U.S. Mail deliveries to the temporary mailbox station will begin when construction starts. Upon completion of the project, all mailboxes will be reinstalled by the contractors.

We do not anticipate any disruption of U.S. Mail deliveries or refuse pick-up during the resurfacing.

**PROPOSED CONSTRUCTION SCHEDULE**

The project is scheduled to begin later this summer or fall, and we anticipate completion in approximately 6 – 8 weeks, weather permitting. Weekly updates will be posted on the Town of Westport web site... <http://www.townofwestport.org>
