

*Town of Westport  
2020 Road Improvements  
Construction Update for the Week of September 14th*

***Town Road Improvements Projects***

---

*Raymond P. Cattell, Inc, Madison, Wisconsin*

***Shamrock Road*** from La Buwi Lane to Auchter Lane.

*The work remaining on Shamrock Road includes placing the concrete curb on the intersection corners, placing the new asphalt surface, restoring the gravel shoulders, and seeding the lawn areas disturbed by during the project.*

***Maria Way*** from Riveredge Road to Auchter Lane

*The recent wet weather has slowed the progress somewhat, but the contractors continue the road improvements southward on Maria Way towards Auchter Lane.*

***Auchter Lane*** from Maria Lane to Gerend Road

*The road improvements on Auchter Lane are scheduled to begin as the work on Maria Way reaches Auchter Lane. We anticipate that the work on Auchter Lane will begin early in the week of September 14<sup>th</sup>, weather permitting.*

*The location of the temporary mailbox station for the residents within the construction limits on **Auchter Lane** will be on Riveredge Road, just east of Maria Way. **Mail service to the mailbox station was undetermined at the time of this update, but it will begin the day they start work on Auchter Lane. Please watch for the additional information posted on the mailbox station.***

*If you have any specific questions or concerns regarding the project, please email or call...*

***FEMA Repairs - Town Road Improvements Projects***

---

*Raymond P. Cattell, Inc, Madison, Wisconsin*

*The ditching for River Road and Easy Street is substantially complete.*

*The asphalt surface milling, road base re-shaping, asphalt surface paving, and shouldering for River Road, Easy Street and Woodland Drive will be scheduled within the next couple of weeks. They plan to complete all three at the same time.*

*If you have any specific questions or concerns regarding the project, please email or call...*
