

## 2016 County Trunk Highway Q Improvements Project

The Village of Waunakee (in cooperation with the Town of Westport and the Dane County) will be reconstructing County Trunk Highway (CTH) Q this summer. The proposed improvements will extend from Meffert Road to north of Woodland Drive. The project has been bid and the Village Board has awarded the project to R.G. Huston Co., from Cottage Grove, Wisconsin. They will be working with various local subcontractors throughout the project. This newsletter contains some important information concerning the upcoming project and we encourage everyone to keep it on hand to help answer questions you may have during the construction process that may soon be disrupting your normal activities.

### SCHEDULED IMPROVEMENTS

The improvements will consist primarily of the following improvements throughout the project:

- Widening the existing 2 lane portions of the roadway to match the 4 lane section at Peaceful Valley Parkway
- Turn lane additions on Woodland Drive, and improvements to the signals
- Intersection improvements at Water Wheel Drive, including a new signal
- Stormwater management improvements throughout the corridor
- Utility improvements at Water Wheel Drive
- Construction of a bike path on the east side of the roadway from Woodland Drive to Water Wheel Drive
- Installation of street lighting throughout the corridor.

Work will be done in stages, which will involve several travel lane shifts throughout the project. Traffic control features will be employed for this, and notice of pending shifts of traffic will be provided in bi-weekly project updates.

### CONSTRUCTION SCHEDULE

Construction activities are scheduled to begin the week of July 18<sup>th</sup>, and the project is anticipated to be completed by approximately mid-November, weather permitting. Bi-weekly project updates will be available on the Village of Waunakee website (<http://www.waunakee.com>) in the Engineering Department section or you can contact Jim Madden, Village Construction Manager using the contact information listed below.
