Fran Bridge was aware of tree stability in the Westshire and Jackson Landing area and suggested to have Tim Z. Take another look since he has been through the area and already marked some trees.

Schall asked about the time line for the installation of the new swing set in Mary Lake park; which will be done this summer.

Holm commented on the new bike lane easement along Woodland Drive to Hwy M. This project will need to be studied and the Town will have to be included.

Meeting adjourned 5:45pm motion Trotter, 2nd Holm

The committee then drove to carriage ridge where Tom Bunbury awaited with 4 wheeler and trailer picnic table. He drove us to the parkland dedication area C.R. South at the 6 mile creek oxbow. Mr. Bunbury has the approval of the park committee for the area to be dedicated in lieu of park fees. Some suggestions from both Tom and the park committee are to keep as natural as possible. And that Mr. Bunbury clears an area in the oxbow for park space. He will come in with a brush hog over DNR land to access area.
