**MINUTES** – September 2, 2015 at 5:30p.m.

Members present: Mick Holm, Terry Enge, Dave O'Malley and Mark Trotter

Members absent: Fran Bridge and Sheldon Schall

Public attendance: Julie Trotter and Brad Robinson

The committee met at the town center at 5:30pm. After brief hello's the committee members along with Julie Trotter drove to the DNR gates along Woodland Drive. There the committee members hiked the DNR property where the Town of Westport has constructed trails. They then headed south along the trail to Governor Nelson then along Hwy M and returned back to the DNR trails. The Gov. Nelson trail has been maintained but may need some work as growth on both sides has narrowed it some.

Continuing on the DNR trail into oak woods to the west the trail is well maintained. It appears the DNR has done some cutting of trees to expand the trail through the woods. The members noted one hunter in the area and had erected grouse decoys in the prairie.

The members discussed an October hike to the Montadon area trails where eradication of invasives has been started along the remnant prairie.

Hike ended at 6:45pm
