September Park minutes approved on a motion Wing, 2<sup>nd</sup> O'Malley

The members drove to the Woodland Drive DNR parking lot for a trail walk of the DNR land. The Six Mile Creek bridge and trail are no longer under water and committee was able to understand the need for supporting with rip-rap the banks of the creek. The committee continued along the west end of the loop trail through the Six Mile and mature oak woods. Possibilities for creating a more park like atmosphere in this area would be considered in the future. Also discussing treating the roots in the spring for no growth if area is cleared of undergrowth.

Noticed along the loop the DNR Fishery that has filled in with cattails.

Noticed along the loop the trail to Governor Nelson Hwy. M and the good work of the Town in maintaining a mowed passive trail.

The hike concluded back at the parking lot and we all enjoyed the natural beauty of the DNR loop trail.
